ACTING FOR VULNERABLE CHILDREN AROUND THE WORLD

2018 ACTIVITY REPORT

ACTING FOR VULNERABLE CHILDREN AROUND THE WORLD

"Working for the well-being of children around the world as they grow" is the commitment of the İDKIDS group. The İDKIDS Community Foundation is one of the primary vehicles through which it fulfils this commitment, working to uphold the basic rights of every child, and support those who are most vulnerable and disadvantaged.

The Foundation bases its activities on several guiding principles:

Working together to build respect for the fundamental rights of the most vulnerable children.

In developing countries, health and educational projects provide disadvantaged and vulnerable children access to schooling and medical care.

The Foundation has for years been working with partner NGOs such as ATIA/Interaide who support the needs of the poorest families in their areas. They support these projects over the long term, with backing from our Foundation, until they can become self-sufficient and self-sustaining.

Engaging our employees.

The participation of our employees in local projects and activities supported by the Foundation, provides assistance to those children who are the most vulnerable. Whether they be **ambassadors** for the Foundation, **sponsors** of an association, **volunteers** at charity events, or **leaders** of related events held in stores, all of our company's **employees** have opportunities to participate in meaningful experiences to strengthen their convictions and commitment to our motto: WE ACT FOR KIDS.

Engaging our brands, our customers, our partners.

The Foundation has enabled us to build a wide network of contributors and volunteers who engage in social projects.

All of our teams at İDKIDS, as well as our suppliers, customers and partners are invited to participate through projects led by the non-profit associations connected to each brand's commitment.

Through these efforts, the İDKIDS Community Foundation facilitates and promotes social and societal engagement by all interested parties for the common good.

OUR SCOPE OF ACTION

EARLY CHILDHOOD AND PARENTAL SUPPORT

0 to 3 years: this period is crucial for a child's development. The İDKIDS Foundation supports several projects which encourage healthy early childhood development.

CHILD SOCIAL INTEGRATION AND PROTECTION

A child can become isolated and vulnerable at any point in their life. The İDKIDS Foundation creates and funds projects that help to protect children's basic rights.

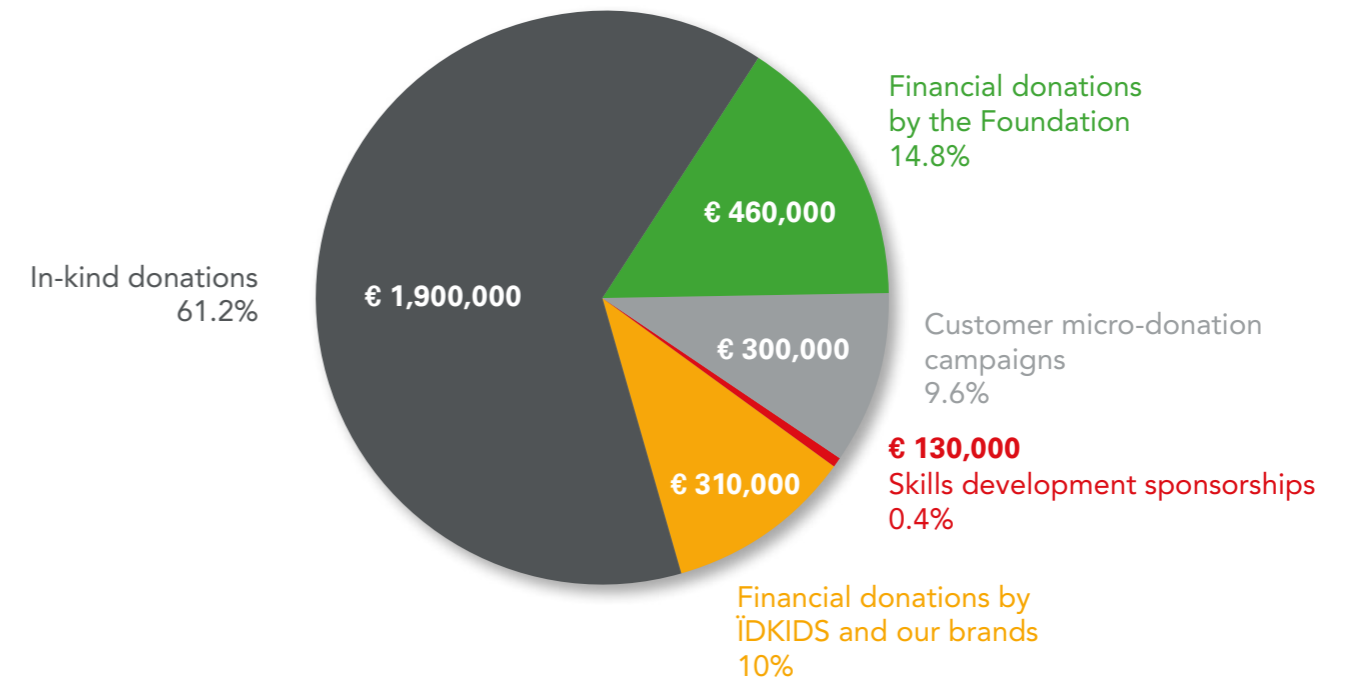

EDUCATION AND CULTURAL EXPLORATION

School not only provides fundamental knowledge, but also a window into culture. The Foundation supports projects that place as much importance on behavioural skills as on academic achievements.

OUR BRANDS AND OUR CUSTOMERS ENGAGED AROUND THE WORLD

In 2018, we supported activities around the world. The İDKIDS brands and teams provide the opportunity for their customers to join them in their efforts to assist highly vulnerable children around the world.

LONG-TERM PROJECTS IN OUR MANUFACTURING COUNTRIES

For years, the İDKIDS Community Foundation has been supporting long-term projects in countries where our goods are produced, in order to help them bring about genuine change. In partnership with NGOs and associations in Madagascar, India and Bangladesh, our Foundation provides support and development aid to the local population.

MORE AND MORE EMPLOYEES ARE PARTICIPATING IN THEIR LOCAL CHARITIES

In our stores and at our head offices, in France or abroad, more and more of our employees are getting involved with the projects undertaken by the İDKIDS Foundation.

OUR PARTNERS GET INVOLVED IN BANGLADESH AND MADAGASCAR

OUR ACTIVITIES IN BANGLADESH

Since 2014, a social-focused business set up by Okaidi, with the support of İDKIDS Community Foundation, has made it possible for **1500 children from the slums of Dhaka to go to school and receive medical care.**

In 2018, a new milestone was set thanks to the joint efforts of the entire İDKIDS community and its partners.

OUR LATEST PARTNER: RADDA CLINIC

Radda Clinic is a health dispensary located inside the slums of Mirpur. The Foundation provides the health centre with financial support, making it possible for 1500 children (who also receive schooling help), and their parents, to receive regular medical check-ups and care.

The centre also organises health and hygiene

classes taught in the community and at local schools.

Radda Clinic also performs an annual health check-up for all the school children in the Mirpur slum. Every year, a "washing hands day" is celebrated in order to spread awareness of the importance of cleanliness and proper hygiene.

EYE TREATMENT FOR FREE

On November 27–29, 2019, İDKIDS organised a free "Medical Eye" check-up for school children in Mirpur.

The Lions Foundation in Bangladesh, with whom the Foundation partnered for the event, donated the technical support for the eyesight and eye disease checks, as well as 50 pairs of glasses for those children in need.

Over these three days, nearly 800 children were able to have their eyes checked, and receive corrective glasses as needed.

"Nearly 800 children received an eye check-up"

PROMOTING INDIVIDUAL TALENTS AND COLLECTIVE UNITY

SPORTS EVENTS

İDKIDS organised a sports event for sixth graders upon completion of their national primary school leaving exam.

Nearly 350 children participated in sports events which included running, dancing, and football.

CULTURAL PROGRAMME: MUSIC, SINGING, DANCING, AND PAINTING

İDKIDS, together with NGO partner Grameen, organised an annual day of culture for the children receiving schooling thanks to their support. 27 children participated in the music competition, and 15 of them received a prize.

İDKIDS also organised an art competition and exposition, held in July 2018, where a jury selected and awarded prizes to the 50 most beautiful paintings.

RECORD NUMBER OF STUDENTS PASS SIXTH GRADE EXAM

The national primary school leaving exam was held in November 2018.

Nearly 190 students took the exam, and 168 of them passed with a very good score.

The passing rate was 88.42%. By comparison, in 2017, only 3% of children in the Mirpur slum had successfully passed the same exam. These children will now be able to continue their education in secondary school.

COMMITTED EMPLOYEES AND PARTNERS

İDKIDS EMPLOYEES RUN IN SUPPORT OF CHILDREN IN BANGLADESH

In September 2017 and 2018, İDKIDS employees took up the challenge: Find sponsors and compete in a race to fund secondary schooling for children in the slums of Dhaka. A year of secondary school costs 100–120 euros. These efforts made it possible for 180 children to enter secondary school or a trade school.

During the course of the Lille event, 73 employees, backed by 427 sponsors, ran to raise funds for the İDKIDS Foundation, to be used to fund the schooling of children in Dhaka. They collectively raised a total

of €18,000 in 2017 and 2018, making it possible for 168 children to continue their secondary education in 2019!

COMPANIES JOIN EFFORTS TO SUPPORT THE CHILDREN OF MIRPUR

In 2018, several companies, along with long-term partners such as Texeurop (an Okaidi supplier), joined İDKIDS in our efforts to help the children of the Mirpur slum.

Mosquito nets were donated and distributed by BASF, warm tops were donated to the children by Decathlon, and Crossline provided them with backpacks.

WORKING TOGETHER FOR THE EDUCATION AND DEVELOPMENT OF YOUNG CHILDREN

MADAGASCAR

ATIA/INTER AIDE is an NGO working to support the most vulnerable families in countries such as India and Madagascar. The Foundation has been working with this NGO for the past 10 years.

The Foundation donates around €30,000 a year to 14 preschools who help 2300 children from homes at serious risk to enter primary school in Antananarivo.

For the past 10 years, IDKIDS, in partnership with the ATIA/INTERAIDE NGO, has been funding schooling for disadvantaged children in Madagascar.

The Foundation also supports the KOLOINA non-profit association, which helps vulnerable families to establish their identification paperwork. It also organises mother-child workshops to strengthen their mutual bonds.

"14 preschools help 2300 children in highly vulnerable situations prepare to enter primary school"

INDIA

In India, the Foundation supports the efforts of a local non-profit with €30,000 a year, in collaboration with the local field expertise of ATIA (NGO).

A team of women from a Mumbai slum help families in severe difficulty with aid and advice.

In doing so, they bring to life the words of Abbé Pierre, "The opposite of misery is sharing."

EMPOWERING CHILDREN EVERYWHERE TO LEARN RESPONSIBILITY, FIND HAPPINESS, AND PLAY AN ACTIVE ROLE IN THEIR FUTURE

"A big thank you to the İDKIDS employees for this wonderful time with our children! They left with smiles on their faces... the most important thing!"

SPORT DANS LA VILLE

This non-profit association (Sport in the City) helps children in disadvantaged neighbourhoods socially integrate and learn collaboration through sports.

On April 23, 2018, over a dozen İDKIDS employees decided to donate their time and together with the association, organise an afternoon of sports activities for disadvantaged children from Roubaix, France.

On the agenda: an "Olympics" for the young children, a football tournament for the others, and a happy time for all!

The association also inaugurated a second public

sports field in Roubaix, supported by the city hall and many other partners including the İDKIDS Community Foundation.

There, children ages six and up can enjoy sports activities as well as get help finding a job or vocational training thanks to the centre's "job in my town" programme.

Okaidi has also supported this association by organising customer micro-donation campaigns in 2017 and 2018.

Thanks to the Foundation and the generosity of Okaidi customers, €50,000 were donated to the non-profit in 2017 and 2018.

A day with Sport dans la Ville

"One out of every seven people in the world does not have a legal identity, including many children."

LA VOIX DE L'ENFANT

La Voix de l'Enfant (The Voice of a Child) works to protect the rights of children through 82 non-profit associations in 103 countries.

Internationally, one of its priorities is helping children establish their legal status. One out of every seven people in the world does not have a legal status. This is the case of many children whose birth was never officially recorded. This leaves them without legal protections, health care, or schooling.

In France, the association is primarily focused on fighting against the abuse of children and providing help to victims.

In 2017, more than 300,000 minors benefited in some way from its efforts to protect children.

The Voix de l'Enfant is setting up paediatric medical/legal assistance centres in hospitals to listen to and assist children who are victims of physical abuse.

The non-profit also helps provide education to children at risk in order to ensure one of their basic rights is met.

Okaidi and the İDKIDS Community Foundation have been partners of La Voix de l'Enfant since 2016.

They support programmes to educate disadvantaged children in France as well as social events that bring together children from different countries for a Fraternity Cup organised by La Voix de l'Enfant.

Okaidi customers have also supported the non-profit's efforts through a customer micro-donation campaign which in 2018 raised over €20,000.

HELPING EACH CHILD DEVELOP THEIR TALENTS

"JEUX ET HANDICAP"

Jeux et Handicap is a programme designed to help children most at risk.

Oxybul places high importance on each child having the opportunity to discover and develop their individual talents, especially the most vulnerable: those with disabilities.

The "Jeux et Handicap" programme draws on advice from parents and professional experts to offer a selection of Oxybul toys and games that are suited to each type of disability.

CREATING SOCIAL TIES TO STRENGTHEN EARLY CHILDHOOD DEVELOPMENT

A SHELTER FOR PARENTS AND CHILDREN

The mission of La Maison Rigolo Comme La Vie - Noémi, is to provide a place where families experiencing hardship can find free shelter, and to meet their needs or address their problems in such a way that they can get through their daily lives with more peace of mind. La Maison is also a place to create social bonds, where harmony can reign supreme. First opened in 2017 in Roubaix, this resource centre is also an experimentation ground for best practices in terms of education that build confidence and create a secure environment.

Co-founded with the Noémi non-profit association, a long-time partner of Rigolo Comme La Vie, La Maison offers special assistance to families struggling with a disability.

HELPING PARENTS TO IMPROVE CHILDREN'S WELL-BEING

The Ensemble Pour l'Education educates parents and works with early childhood experts to create and develop positive and supportive educational programmes for young children. These help provide substantial mental development and education to children during the first years of their lives.

Early childhood centre Rigolo Comme La vie, Oxybul Eveil et jeux, and the İDKIDS Community Foundation, support the non-profit both financially and through substantive awareness programmes.

In 2018, İDKIDS organised a day of activities related to parenting and parent-child relations at the social and cultural centre La Condition Publique in Roubaix (France), as well as a charity fund-raising sale for Ensemble pour l'Education.

An exhibit from the charity on positive parenting was presented to families along with educational workshops for parents and their children.

Okaidi and Oxybul products were sold at highly discounted prices to needy families who had been notified in advance by the social services of the city of Roubaix, who is also a partner.

In 2018, Oxybul also engaged its own employees as well as customers through a micro-donation fundraising campaign, whereby customers could round up their purchase to the next euro amount in support of the Ensemble pour l'Education (Together for Education) non-profit. The company collected €6,000 for the charity. Thanks to various donations from İDKIDS, Ensemble pour l'Education received €60,000 in 2018.

CHILDREN FROM CHEMINS D'ENFANCES DISCOVER HOLIDAYS WITH N'JOY

By creating programmes filled with recreational-educational content, N'JOY's mission is to help children discover and imagine the world in new ways.

For more than 10 years, N'JOY has been imagining, creating and organising programmes for children ages 2-15 of all kinds, regardless of skill level and talent.

As part of the Magic Place programme set up by the Chemin d'Enfances association, 74 children ages 6 to 12 in highly disadvantaged situations, were able to enjoy a holiday in Brittany organised by N'JOY.

For the past few years, Magic Place has been financially supported by the İDKIDS Community Foundation.

Through this programme, Chemins d'Enfances organises educational and social-cultural events all throughout the school year and summer, in order to promote the social integration and development of children living in homeless shelters.

These children were able to enjoy a week of activities on the topic of Nature and the Arts.

They had the opportunity to express themselves through a variety of different ways such as dance, theatre, photography, music, and film.

A day at the beach was also organised in collaboration with the team from the Oxybul store in Rennes. For some children, it was the first time to see the sea!

THE MAGIC OF CHILDHOOD

LOVE MAILLE

UNE COLLECTION UNIQUE TRICOTÉE À LA MAIN.

LOVE MAILLE (LOVE KNIT): THE JACADI COLLECTION IN SUPPORT OF CHILDREN

300 new outfits, knit by hand in France by women receiving vocational training through the Amitié Partage non-profit association, were sold on the Jacadi website in 2018. All of the proceeds were donated to the association!

In 2018, the wool was donated by **Fonty**, a French

textile maker focused on sustainable development and 100% made in France production.

Since 2014, thanks to this workshop, more than forty women have been able to regain their self-confidence and find a job or enter certification training, by hand-knitting unique high quality outfits.

"More than forty women were able to regain their self-confidence."

IN FRANCE, LOCAL SPONSORS FOR CHILDREN EVERYWHERE

France Parrainages pairs French children living in hardship with families who will sponsor them by taking care of them regularly and helping them build their self-confidence.

The association also sponsors children in other countries so they can go to school. Jacadi is committed to helping families in hardship, making it possible for children to be supported by this local sponsorship programme.

In December, the company put a new accessories box

on sale for €2.

All of the profits (€0.80 per box) from its sale will be donated to the France Parrainages association.

Jacadi teams also participated in a day of activities for children sponsored by the non-profit, using the opportunity to give them a window into their various jobs.

Together, they and the children created masks, decorations and costumes, followed by a giant photo session.

CUSTOMERS AROUND THE WORLD GET INVOLVED THROUGH MICRO-DONATIONS

Asking our customers to give a micro-donation by rounding up their purchase to the nearest euro has, since its launch, raised €750,000 to support non-profit activities which provide assistance to highly disadvantaged children!

Our teams in France, Belgium, Italy, Switzerland, Luxembourg, Poland, Spain, Germany and Canada take part in the fund-raising efforts and select local charities which they wish to support through this campaign.

In 2018, Okaidi supported two charities in France whose efforts reflect the company's own commitments.

Sport dans la Ville, which promotes and organises sports events for children from disadvantaged neighbourhoods and also helps those same young people prepare for a job. A €50,000 donation was made to the non-profit association, including €20,000 raised through the micro-donation campaign.

La Voix de l'Enfant, an umbrella organisation that includes 80 charities working to protect the rights of children, also received €25,000 from the micro-donation campaign in support of its education programmes for highly vulnerable children in France.

Oxybul Éveil et Jeux supported the non-profit association **Ensemble pour l'Education**, which develops and promotes positive and caring educational practices for very young children. A total of €6,000 was given from the micro-donation campaign, and the **ïDKIDS Foundation**, together with **Rigolo Comme la Vie**, also gave €50,000 towards the association's educational efforts for young children.

Lastly, **Jacadi** decided to use its micro-donation campaign to support the **SOS Villages d'Enfants** charity in France, Italy and Germany. In 2018, the company donated €21,700 to the charity.

CHARITY EFFORTS AROUND THE WORLD

DYNAMO CAMP
Italy: €92,138

The Okaidi Italy team decided to support **Dynamo Camp**, a non-profit association that hosts vacation camps for children affected by a serious disease.

The non-profit provides free stays to these children and their families, allowing them to have fun, rebuild their confidence, and keep their hopes alive in the face of their illness.

First launched in 2017, the micro-donation campaign has raised €253,000 for the charity association in the past two years!

IMMERSATT KINDER,
Germany: €3,800

Our German companies selected **Immertsatt Kinder** ("Never Hungry"), a charity that fights hunger, especially among children and teenagers, in the city of Duisbourg.

TERRE DES HOMMES
Switzerland: €26,500

Our Swiss teams decided to donate the funds raised to the **Terre des Hommes**, an international charitable organisation advocating for children's rights and development in nine countries.

SANT JOAN DE DEU
Spain: €20,300

Our companies in Spain decided to donate the micro-donation campaign funds to the **Sant Joan de Deu** hospital, to support medical care for children needing hospitalisation.

ASBL LA LUMIERE
Belgium: €11,200

Micro-donations collected by our Belgium companies were donated to **ASBL La Lumière**, a non-profit association in the city of Liège that offers a variety of services to the blind and visually impaired, especially children. In addition to the financial aid provided by the micro-donation campaign, our store teams in Liège also personally took part in the **La Lumière's** efforts.

"Thanks to our teams, and especially to our customers, for their support and participation in support of children in need."

ALL AROUND THE WORLD, THE İDKIDS COMMUNITY SUPPORTS HOSPITALISED CHILDREN

Each year, a day in early October is the international day of the smile! So that hospitalized children can also have the right to find their smile once again, **since 2016 Okaidi has supported an "Offer a Smile" project together with hospital clown volunteers.**

Red noses are sold for €1 each in all Okaidi, Oxybul, Jacadi and İDKIDS stores in France as well as 16 other countries and territories around the world.

In three years, Okaidi has sold 337,000 red noses in support of hospitalised children, raising and donating over €200,000!

The "Offer a Smile" project is a great example of the efforts made by our brands, our stores, and our customers around the world, and which reflects our commitment: **WE ACT FOR KIDS.**

MORE AND MORE EMPLOYEES HELPING LOCAL NON-PROFITS

IN 2018, 800 EMPLOYEES PARTICIPATED IN ACTIVITIES SUPPORTED BY THE FOUNDATION IN SUPPORT OF HIGHLY DISADVANTAGED CHILDREN

Whether it was through running at a charity event, being ambassadors of the Foundations, sponsors of a charity, participating in an event organised by a charitable association, volunteering during a fund-raising event, selling red noses in support of hospitalised children, İDKIDS employees took action in 2018!

Whether they work at Oxybul, Okaidi, Rigolo comme la Vie, Jacadi, or Bubble, whether they work at the central offices in Paris or Roubaix, or at our stores in Milan, Madrid, Liège, Marseille, Nantes or Paris, they all share the same passion: to put their commitment to "WE ACT FOR KIDS" into action in support of children everywhere.

This is why in 2018, over 800 of them donated their time to one or more activities organised by the many non-profits who are partners of the İDKIDS Community Foundation.

Amitié Partage had its sorting room upgraded by the works department, the children helped by Sport dans la Ville and the Roubaix social centres had a chance to play and learn about music, those helped by Chemins d'Enfances got to see the sea, those from Secours Populaire were able to proudly show off their new outfits, etc.

All of these days and these experiences shared by İDKIDS team members, non-profit associations, and the children, resulted in wonderful times of sharing, smiling, and humanity!
